Why Do We Go To Church?
Verse for The Church

For where two or three come together in my name, there I am with you.

Matthew 18:20
Jason was excited. He had just moved into a new neighborhood and today was his first day at a new church.

“Hurry Jason, we’ve got to go, it’s almost time for church,” his mom reminded him.

“I’m so excited to meet some new friends,” said Jason, pulling on his coat.

“Me too,” said his mom.
Jason was very happy now.
“So, church isn’t just about playing, or coloring, or reading Bible stories, it is about other things too.”

“Yes,” said his mom. “Church is about Worshipping God, Supporting Others, and Learning about Jesus. God made the church so that Christians like you and I can get together and become stronger in our faith.”

“Those are good reasons to go to church,” Jason concluded. He was excited now to go to a new church where he would learn about Jesus, Worship God, and meet new friends.
Jason and his mom climbed into their car. As they drove down the street, Jason became happier about going to church.

“How many new friends do you think I’ll meet at church,” Jason asked anxiously.

“Many, but let’s talk about the other reasons we go to church,” suggested his mom with a smile. “Why do we go to church?”
“Well, we also go to church to support one another.”

“You mean talk to our friends?” Jason asked.

“Yes, but much more than talking. We listen to each other, offer help if someone is sad or has a problem, we meet new friends who don’t know about Jesus and tell them all about how wonderful he is, and we show love to one another.

And if someone is new to church, like you, the church will help you make new friends.”
Jason looked out the window. He thought for a long time. "To meet new friends and learn about Jesus," he finally said. He liked learning about Jesus and he loved meeting new friends. "That's right," replied his mom, "we go to church as well. But there are other reasons we go to church for us, and how we can better follow Jesus, and how much he loves us and cares about how much he loves us and cares about Jesus at church. We learn about Jesus at church. We learn meeting new friends; learning about Jesus and he loved Jesus," he finally said. "He liked to meet new friends and learn about thought for a long time. He"
“Yes. We go to church to worship God.”

“You mean all those songs that we sing in the beginning?”

“Yes, that’s a start. We sing together to praise God, we also pray together to thank God and ask for his help.”

“What else?” Jason asked.
